

3DG-PS-BU

Modular

3DGFLEX series, Back up power supply unit to have a power redundancy on a single box

Technical Chars

- **Continuity of service:** the 3DG-PS-BU redundant power supply allows continuous operation in cases of main power supply failure, supporting the load of all modules inserted in the control unit.
- Insulation class: **Class II**
- **High available power:** the 3DG-PS-BU is capable of supporting the load of all modules inserted in the central unit.
- **Monitoring:** through the monitoring function, which can be enabled during the programming of the central unit, it is possible to receive alerts in case of any power supply anomalies.

3DG-PS-BU		
Code		283168
Specifications		
Connectors		48 pins on back-panel
Programming mode		Web interface, keyboard and front display
Current consumption	W	135 (max)
Operating temperature	°C	-5 to +45
Conformity		EN50083-2, EN60065
Dimensions and packaging		
Pieces		1
EAN code		8016978102655
Packaging dimensions	mm	305 x 220 x 90
Product dimensions	mm	245 x 208 x 54
Packaging weight	kg	1.32
